a

abdominal abscess(es)
- with enteric communication (*tip*), November, p. 312
- new approaches in treating, *September, p. 223
- percutaneous drainage of (*tip*), October, p. 328

abuse of the elderly (*ed*), November, p. 98
accidents and injuries in children, preventing, *September, p. 240
acetaminophen, aspirin and, in asthma (*tip*), September, p. 279
achalasia (*tip*), November, p. 284
adolescent males, genital self-examination in, *September, p. 199
adolescent pregnancy, neonatal outcome in (*tip*), September, p. 269
adrenal biopsy, CT and (*tip*), November, p. 280
adrenal glands may be regulated by the thymus (*med*), August, p. 181
adrenocortical carcinoma and hypoglycemia (*tip*), July, p. 220
age
- and immune response to surgical stress (*tip*), November, p. 332
- may not affect outcome of breast cancer (*med*), November, p. 256

aging, oral aspects of, *July, p. 147
AIDS (*ed*), July, p. 111
AIDS figures mount as researchers seek answers to the puzzle (*news*), September, p. 331
alcoholic coma and some associated conditions, *October, p. 219
alcoholism after sixty, *August, p. 111
alkaline phosphatase, abnormal, by itself does not merit work-up (*med*), July, p. 212
allopurinol-allergic patients, oxipurinol therapy in, *November, p. 147
alopecia
- chemotherapy-induced, preventing, *July, p. 182
- cosmetic correction of, *October, p. 207

alpha-adrenergic blockade for variant angina (*tip*), October, p. 312
alpha-melanocyte stimulating hormone (*tip*), December, p. 213
Alzheimer's dementia, features of, may portend the familial form (*med*), July, p. 213
ambulation of the institutionalized elderly, *September, p. 163
amenorrhea and carotenemia (*tip*), July, p. 226
amiodarone-induced lung disease (*tip*), September, p. 257
amyloidosis
- bleeding manifestations with (*tip*), July, p. 227
- radionuclide scanning in (*tip*), November, p. 266

anaerobic infection in the lung (*tip*), October, p. 309
anal cancer, treatment of (*tip*), December, p. 199
anemia, nuchal cord carries an increased risk of (*med*), November, p. 255
aneurysm(s)
- mycotic (*tip*), December, p. 209
- popliteal artery (*tip*), November, p. 323
- Rasmussen's (*tip*), October, p. 305

angina, variant, alpha-adrenergic blockade for (*tip*), October, p. 312
angiography, digital subtraction, for pulmonary embolism (*tip*), October, p. 320
anorexia nervosa (*tip*), September, p. 280
antibiotic prophylaxis is advocated in head and neck surgery (*med*), November, p. 255
antibiotic therapy for pneumonia, choosing, *November, p. 246
antibiotic wound irrigation, prophylactic (*tip*), July, p. 216
antibiotics, prophylactic, for acute appendicitis (*tip*), November, p. 262
anticonvulsant drugs and rickets (*tip*), November, p. 324
anticonvulsant medication, lupus syndromes with (*tip*), August, p. 188
anticonvulsants and neurogenic pulmonary edema, *July, p. 167
aorta, coarctation of (*tip*), August, p. 188
appendicitis, acute, prophylactic antibiotics for (*tip*), November, p. 262
appendicular diverticulosis (*tip*), October, p. 289
ARDS in children (*tip*), December, p. 207

anticonvulsants and neurogenic pulmonary edema, *July, p. 167
aorta, coarctation of (*tip*), August, p. 188
appendicitis, acute, prophylactic antibiotics for (*tip*), November, p. 262
appendicular diverticulosis (*tip*), October, p. 289
ARDS in children (*tip*), December, p. 207

arrhythmias, cardiac, caffeine and (*tip*), September, p. 278
arthritides, different, osteoarthritis may evolve into (*med*), October, p. 283
aspiration
– during endotracheal intubation (*tip*), October, p. 310
– of septic hips can be misleading (*med*), October, p. 283
aspirin
– (*tip*), November, p. 318
– and acetaminophen in asthma (*tip*), September, p. 279
asthma
– aspirin and acetaminophen in (*tip*), September, p. 279
– glucocorticoids in (*tip*), October, p. 338
asthma victims, 'Superstuff' is aid for (*news*), August, p. 219
asthmatic children
– distance running for (*tip*), July, p. 236
– dust-free bedrooms for (*tip*), July, p. 232
athletic performance, nutrition and, *November, p. 105
atria, mammalian, vasorelaxant substance of (*tip*), December, p.194
atrial fibrillation and elevated hematocrit in strokes (*tip*), October, p. 312
atrial myxomas (*tip*), November, p. 299
autotransfusion, intraoperative (*tip*), September, p. 282

b

back pain, exercise program for, evaluation of, *September, p. 153
bacteremia, postextraction, and cardiac disease (*tip*), October, p. 297
bacterial infections of bypass grafts (*tip*), October, p. 298
balloon catheter dilation for limb salvage (*tip*), October, p. 336
bedtime behavior, children's (*tip*), August, p. 186
behavioral abnormalities, iron deficiency and (*tip*), December, p. 195
benzoyl peroxide vs. hexachlorophene (*tip*), November, p. 278
beta blockade, systemic, timolol and (*info pl*), October, p. 63
beta-adrenergic receptors in hypertension (*tip*), July, p. 219
beta-blocker drug interactions, *September, p. 249
bile duct compression by pancreatic pseudocysts (*tip*), September, p. 320
biliary obstruction, 'preop' drainage enhances recovery in cases of (*med*), September, p. 255
black pigmentation of the thyroid (*tip*), October, p. 318
bladder, unstable, in elderly patients, *October, p. 243
bleeding manifestations with amyloidosis (*tip*), July, p. 227
blood lipids, effects of propranolol on (*tip*), December, p. 207
blood pressure, nutrition and (*tip*), September, p. 284
bone cement impairs neutrophil bactericidal activity (*med*), July, p. 212
bones and joints, fungal infections of (*tip*), October, p. 338
bowel
– pseudo-obstruction of (*tip*), October, p. 309
– small, carcinoid tumors of (*tip*), November, p. 261
bowel cancer, large, risk factors for (*tip*), December, p. 194
bowel disease, inflammatory, immune function in (*tip*), August, p. 209
bowel syndrome, short, vasoactive polypeptide in (*tip*), September, p. 277
brain death
– in children (*tip*), November, p. 326
– diagnosis of (*tip*), August, p. 185
brain tumors, interferon for (*tip*), October, p. 292
breast cancer
– age may not affect outcome of (*med*), November, p. 256
– subsequent, radiation exposure and (*tip*), November, p. 340
– and thoracic metastases (*tip*), September, p. 320
breast feeding
– initiating (*tip*), October, p. 303
– neonatal jaundice and (*tip*), November, p. 312
bronchial polyps, inflammatory (*tip*), September, p. 273
bronchopulmonary dysplasia, dexamethasone for (*tip*), November, p. 262
Broviac catheter in infants and children (*tip*), September, p. 258
bulimia, self-induced glycosuria in (*tip*), October, p. 305
bulimia treatment, nondrug, attempts to curb cause of disorder (*news*), October, p. 356
bypass grafts, bacterial infections of (*tip*), October, p. 298

C

caffeine and cardiac arrhythmias (*tip*), September, p. 278
calcifications, intracranial, pathologic, *July, p. 141
calcitonin therapy in Paget's disease (*tip*), August, p. 190
calcium blockers may avert brain damage after cardiac arrest (*med*), December, p. 193
cancer
– anal, treatment of (*tip*), December, p. 199
– breast, age may not affect outcome of (*med*), November, p. 256
– breast, subsequent, radiation exposure and (*tip*), November, p. 340
– breast, and thoracic metastases (*tip*), September, p. 320
– esophageal, plasma zinc and vitamin A in (*tip*), November, p. 333
– head and neck, can contaminate bronchoscope (*med*), December, p. 189
– head and neck, ^{125}I implants in (*tip*), September, p. 321
– large bowel, risk factors for (*tip*), December, p. 194
– lung, patients with, thrombocytosis in (*tip*), September, p. 264
cancer-related hypercalcemia, therapy of (*tip*), September, p. 306
carcinoid tumors
– of the small bowel (*tip*), November, p. 261
– and surgery for hepatic metastases (*tip*), October, p. 341
carcinoma
– adrenocortical, and hypoglycemia (*tip*), July, p. 220
– endometrial, of the prostate (*tip*), December, p. 214
cardiac arrest, calcium blockers may avert brain damage after (*med*), December, p. 193
cardiac arrhythmias, caffeine and (*tip*), September, p. 278
cardiac disease, postextraction bacteremia and (*tip*), October, p. 297
cardiac risk in surgery, assessing (*tip*), October, p. 290
cardiac transplants, malignant neoplasms after (*tip*), October, p. 330
cardiac valve tophi (*tip*), August, p. 205
cardiovascular disease and vasectomy (*tip*), October, p. 304
cardiovascular responses to coronary reperfusion (*tip*), August, p. 202
carotenemia, amenorrhea and (*tip*), July, p. 226
carotid artery, ectopic (*tip*), October, p. 297
carotidynia, *December, p. 113
celiac sprue (*ed*), August, p. 90
cephalosporins, new, for surgical sepsis (*tip*), August, p. 187
cervical *Chlamydia trachomatis* (*tip*), July, p. 235
cervical spinal cord meningioma (*tip*), October, p. 328
chalktalk for the team physician, *September, p. 231
chemotherapy-induced alopecia, preventing, *July, p. 182
chest pain
– in adolescents (*tip*), December, p. 214
– in childhood (*tip*), July, p. 218
chest radiographs, preoperative, in children (*tip*), December, p. 194
child abuse, syndrome of: poisoning, *December, p. 103
child homicide (*tip*), December, p. 200
Chlamydia trachomatis, cervical (*tip*), July, p. 235
chloramphenicol toxicity (*tip*), September, p. 270
cholesterol, effects of estrogens and progestins on (*tip*), September, p. 308
cholesterol treatment best with combination of drugs and diet (*news*), October, p. 350
circumcision, infants undergoing, nerve block appears safe in (*med*), November, p. 255
claudication, neurogenic, due to pseudospondylolisthesis, *October, p. 250
clonidine, naltrexone and: alternatives to methadone (*ed*), November, p. 100
clonidine poisoning (*tip*), August, p. 202
Clostridium difficile (*tip*), September, p. 277
coarctation of the aorta (*tip*), August, p. 188
cocaine abuse, heroin and, experts cite two programs to aid with (*news*), July, p. 250
cocaine hotline confirms grim picture of abuse (*news*), November, p. 354
coccidioidomycosis (*tip*), August, p. 208
coma, alcoholic, and some associated conditions, *October, p. 219
compliance with pediatric therapy (*tip*), November, p. 331

condylomata acuminata (*tip*), November, p. 289
corneal changes in swimmers (*tip*), November, p. 304
coronary artery bypass surgery in the elderly (*tip*), October, p. 325
coronary artery disease, exercise training and (*tip*), October, p. 303
coronary reperfusion, cardiovascular responses to (*tip*), August, p. 202
cryptococcal disease, human (*tip*), July, p. 235
CT and adrenal biopsy (*tip*), November, p. 280
Cushing's syndrome, differential diagnosis of (*tip*), October, p. 327
cutaneous erythematous reaction patterns, *August, p. 99
cyst, pericardial, misdiagnosis of (*tip*), July, p. 233
cystic fibrosis
– in adults, sweat test for (*tip*), October, p. 337
– a brief update, *November, p. 187
– meconium ileus equivalent in (*tip*), October, p. 317

d

death
– brain, in children (*tip*), November, p. 326
– child's, adjustment to (*tip*), November, p. 302
– perinatal, management of grief in (*tip*), September, p. 308
decelerations, atypical variable (*tip*), July, p. 229
dental effects of swimming-pool water (*tip*), December, p. 219
dentofacial defects, orthognathic surgery in, *November, p. 151
depilation, preoperative (*tip*), November, p. 341
depressed office patient, *July, p. 155
depression
– dexamethasone suppression test (DST) in (*ed*), September, p. 112
– TRH test may be pivotal in treating (*med*), July, p. 212
dermatitis, contact, due to self-medication, *July, p. 137
dexamethasone for bronchopulmonary dysplasia (*tip*), November, p. 262
dexamethasone suppression test (DST) in depression (*ed*), September, p. 112
diabetes control, low-fat diet may aid in (*news*), July, p. 254
diabetes mellitus, gastrointestinal dysmotility in (*tip*), September, p. 286
diabetes in young adults, psychosocial impact of, is studied (*med*), October, p. 284
diaphragm, rupture of, *November, p. 127
diarrhea
– chronic nonspecific, in children (*tip*), November, p. 337
– severe prolonged, elemental feeding for (*tip*), September, p. 273
diazoxide, slow infusion of, for hypertensive emergencies (*tip*), September, p. 304
diet and myocardial infarction (*tip*), September, p. 280
diethylstilbestrol exposure, testicular tumors and (*tip*), July, p. 240
digitalis glycosides, *November, p. 206
digitoxin, rifampin-, interaction (*tip*), September, p. 272
disk batteries, ingested (*tip*), December, p. 208
disulfiram, present status of, *December, p. 183
diverticulosis, appendicular (*tip*), October, p. 289
drug abstinence syndrome, neonatal (*tip*), September, p. 319
drug abusers, middle- and upper-class, hepatitis is common in (*med*), September, p. 255
drug interactions, beta-blocker, *September, p. 249
drug treatment, prevention and, of influenza, *December, p. 165
drugs, prescription, problems with, highest among elderly (*news*), December, p. 236
duodenal hematoma, obstructing, in childhood (*tip*), September, p. 310
dying elderly patient, *November, p. 161

e

elderly
– abuse of (*ed*), November, p. 98
– concerns of people caring for, study focuses on (*med*), August, p. 181
– coronary artery bypass surgery in (*tip*), October, p. 325
– institutionalized, ambulation of, *September, p. 163
– problems with prescription drugs highest among (*news*), December, p. 236
– psychiatric problems in, are overlooked (*med*), August, p. 181

elderly men, systemic lupus erythematosus in (*tip*), November, p. 302
elderly patient(s)
– dying, *November, p. 161
– unstable bladder in, *October, p. 243
endotracheal intubation, aspiration during (*tip*), October, p. 310
enterovirus infection, neonatal (*tip*), July, p. 220
epiglottitis and laryngotracheobronchitis, *October, p. 189
epilepsy, pharmacotherapy of (*tip*), November, p. 290
erythrocyte sodium pump in obesity (*tip*), July, p. 241
esophageal cancer, plasma zinc and vitamin A in (*tip*), November, p. 333
esophagus, hypopharynx and, foreign bodies in, *August, p. 142
estrogen receptors and long-term survival (*tip*), December, p. 222
estrogen therapy, postmenopausal, *July, p. 207
estrogens and progestins, effects of, on cholesterol (*tip*), September, p. 308
euthyroid hyperthyroxinemia (*tip*), September, p. 279
exercise, therapeutic: types and indications, *October, p. 227
exercise program for back pain, evaluation of, *September, p. 153
exercise training and coronary artery disease (*tip*), October, p. 303
eye injuries in soccer players (*tip*), November, p. 318

f

family practice, spiritual dimension in (*ed*), September, p. 113
feeding, elemental, for severe prolonged diarrhea (*tip*), September, p. 273
femoral artery entrapment (*tip*), September, p. 284
fetal profile, biophysical, by ultrasonography (*tip*), October, p. 320
fetal weight, ultrasonic estimation of (*tip*), August, p. 204
foreign bodies in the hypopharynx and esophagus, *August, p. 142
fungal infections of the bones and joints (*tip*), October, p. 338
fungal sepsis in surgical patients (*tip*), July, p. 233

g

gallbladder disease, parenteral nutrition and (*tip*), August, p. 205
gastric bypass, beneficial effects of (*tip*), December, p. 203
gastric emptying and obesity (*tip*), September, p. 303
gastric partitioning for morbid obesity (*tip*), July, p. 239
gastrin secretion, increased, and pheochromocytoma (*tip*), November, p. 333
gastroenteritis, acute, leukocyte differential in (*tip*), November, p. 289
gastrointestinal dysmotility in diabetes mellitus (*tip*), September, p. 286
gastroparesis, tumor-associated, metoclopramide and (*tip*), August, p. 205
genital herpes infections (*tip*), December, p. 200
genital self-examination in adolescent males, *September, p. 199
geriatric psychopharmacology, *October, p. 171
germ cell tumors, male, *October, p. 256
gestational hypertension, prevention of (*tip*), October, p. 326
giardiasis, *July, p. 198
glomerulonephritis, mesangial proliferative (*tip*), September, p. 262
glucocorticoids in asthma (*tip*), October, p. 338
glycosuria, self-induced, in bulimia (*tip*), October, p. 305
grief
– and the immune system (*ed*), December, p. 98
– management of, in perinatal death (*tip*), September, p. 308
gynecomastia in adolescents (*tip*), October, p. 326

h

head injury, minor, becomes a 'silent epidemic' (*news*), November, p. 345
head and neck cancer
– can contaminate bronchoscope (*med*), December, p. 189
– ^{125}I implants in (*tip*), September, p. 321
head and neck surgery, antibiotic prophylaxis is advocated in (*med*), November, p. 255
head trauma, severe, outcome of children with (*tip*), December, p. 196
health effects of insulating materials (*tip*), November, p. 282

hearing conservation and occupational exposure to noise, *October, p. 181
heart sound, third, origin of (*tip*), July, p. 226
heart transplantation evolving with new techniques and drugs (*news*), September, p. 326
Heimlich maneuver, complications of (*tip*), September, p. 262
hemangioma, intramuscular (*tip*), November, p. 331
hematoma, duodenal, obstructing, in childhood (*tip*), September, p. 310
hemochromatosis, idiopathic, *November, p. 176
hemodialysis patients, mycobacterial infections in (*tip*), November, p. 341
Hemophilus influenzae infections in children, initial treatment of, *August, p. 135
Hemophilus influenzae type b disease, secondary (*tip*), July, p. 228
hemorrhage, occult, detection of (*tip*), December, p. 202
hemorrhagic shock, *July, p. 173
Henoch-Schönlein purpura, *October, p. 237
hepatic metastases, surgery for, carcinoid tumors and (*tip*), October, p. 341
hepatitis is common in middle- and upper-class drug abusers (*med*), September, p. 255
heroin and cocaine abuse, experts cite two programs to aid with (*news*), July, p. 250
herpes infections, genital (*tip*), December, p. 200
herpes zoster, *December, p. 138
hexachlorophene, benzoyl peroxide vs. (*tip*), November, p. 278
hips, septic, aspiration of, can be misleading (*med*), October, p. 283
histoplasmosis, angiotensin-converting enzyme in (*tip*), October, p. 318
homicide, child (*tip*), December, p. 200
hospitalization, renal insufficiency during (*tip*), September, p. 263
hospitalized patient, nutritional support of, *September, p. 143
Hürthle cell tumors of the thyroid gland (*tip*), November, p. 336
hydramnios (*tip*), July, p. 236
hydrocephalus, normal-pressure, *August, p. 147
hymenal tags and bands (*tip*), August, p. 200
hypercalcemia, cancer-related, therapy of (*tip*), September, p. 306
hyperglycemia and stroke damage (*tip*), September, p. 310
hyperlipidemia, *September, p. 171
hyperlipoproteinemia: a review (*tip*), October, p. 341
hyperparathyroidism
– and multiple endocrine neoplasia (*tip*), November, p. 263
– subtotal parathyroidectomy for (*tip*), November, p. 326
– treatment of (*tip*), September, p. 264
– urticaria associated with (*tip*), December, p. 221
hypertension
– beta-adrenergic receptors in (*tip*), July, p. 219
– gestational, prevention of (*tip*), October, p. 326
– pregnancy-induced (*tip*), October, p. 336
hypertensive emergencies, slow infusion of diazoxide for (*tip*), September, p. 304
hyperthyroxinemia, euthyroid (*tip*), September, p. 279
hypoglycemia, adrenocortical carcinoma and (*tip*), July, p. 220
hypopharynx and esophagus, foreign bodies in, *August, p. 142

i

idiopathic hemochromatosis, *November, p. 176
ileostomies, children with, sodium needs of (*tip*), October, p. 331
immune function in inflammatory bowel disease (*tip*), August, p. 209
immune response to surgical stress, age and (*tip*), November, p. 332
immune system, grief and (*ed*), December, p. 98
immunization, childhood, seizures following (*tip*), July, p. 227
immunization recommendations (*tip*), November, p. 309
immunoglobulin for thrombocytopenic purpura (*tip*), October, p. 306
immunosuppressive therapy, *December, p. 172
impotence
– in an outpatient population (*tip*), September, p. 304
– during verapamil therapy (*tip*), November, p. 323

impotent men, study of, raises a question about vasectomy (*med*), August, p. 180
incontinence, urinary, *August, p. 123
indomethacin in patent ductus arteriosus (*tip*), December, p. 202
indomethacin-induced lithium toxicity, *August, p. 155
infection during pregnancy, screening for (*tip*), July, p. 238
inflammatory bowel disease, immune function in (*tip*), August, p. 209
influenza, prevention and drug treatment of, *December, p. 165
injuries in children, preventing accidents and, *September, p. 240
insulating materials, health effects of (*tip*), November, p. 282
insulin pump therapy, complications are common with (*med*), October, p. 284
insulin therapy, excessive, recognition of (*tip*), July, p. 217
interferon for brain tumors (*tip*), October, p. 292
intestinal protozoa, nonpathogenic, *September, p. 215
intracranial calcifications, pathologic, *July, p. 141
intrauterine growth retardation, detection of (*tip*), July, p. 241
intussusception, diagnosis of, real-time ultrasonography in, *October, p. 151
iron absorption and prenatal vitamins (*tip*), September, p. 285
iron deficiency
– and behavioral abnormalities (*tip*), December, p. 195
– and mental development (*tip*), October, p. 326

j

jaundice, neonatal, and breast feeding (*tip*), November, p. 312
jealousy, sibling: the family with a new baby, *October, p. 143
joggers, characteristics of (*tip*), July, p. 238

k

Kaposi's sarcoma of the GI tract, study focuses on (*med*), September, p. 255
Kawasaki syndrome, unusual aspects of, *November, p. 219

l

laboratory diagnosis of viral infections, *October, p. 125
laboratory evaluation of anatomic disorders of the thyroid, *November, p. 195
laryngotracheobronchitis, epiglottitis and, *October, p. 189
laser finds a place in cardiology (*news*), November, p. 362
Legg-Calvé-Perthes disease, *December, p. 147
leukocyte differential in acute gastroenteritis (*tip*), November, p. 289
limb salvage, balloon catheter dilation for (*tip*), October, p. 336
lithium toxicity, indomethacin-induced, *August, p. 155
little league pitchers (*info pl*), October, p. 66
liver abscess, pyogenic, *November, p. 169
liver tumors, benign, in childhood (*tip*), September, p. 285
low-birth-weight infants, pathogenesis of (*tip*), October, p. 313
lung, anaerobic infection in (*tip*), October, p. 309
